

Jaffna University International Research Conference (JUICE-2012)

Capacity Development in a Post-war Context

University of Jaffna, Sri Lanka

20 July 2012

The aim of the conference is to bring together leading researchers of the local and international community and to attract original research papers of high quality. Sessions of JUICE-2012 will provide better opportunities to share technologies, experiences, and ideas and disseminate research findings.

The theme of JUICE-2012 focuses on coping and effectively responding to contemporary challenges, which will in turn contribute to the development of capacity in different walks of life. JUICE-2012 also acknowledges that universities and academics have an important role to play in responding to the present needs of the region.

Call for Abstracts for Presentation

JUICE-2012 seeks original papers for this conference to be presented in the following tracks, which are indicative and nurture the interests of the conference:
